Classic Cosmic Band

High Concept

As the only blacksmith who crafts with music itself, there are a lot of orders to fulfill. Forge musical weapons and gather ingredients from across the realms in this cozy rhythm game.

Features

- Play as a blacksmith in a fantasy world building magical instruments from mythical creatures
- Go through different areas and defeat monsters to acquire materials, and use them to build the magical instruments
- Every Area follows a different theme with different creatures, which will need to be taken down through rhythm mini games

- Every area has multiple original songs to go along the rhythm mini games
- When taking down foes and building instruments it requires going through a rhythm mini game based on a famous track
- The health bar is used to indicate how many notes you miss the notes, the more you miss, the lower it gets, if it reaches 0 you lose and have to retry
- Your objective is to build 3 different instruments using materials from 3 different areas you can select to go through in any sequence you desire.

Player Motivation

Players fulfill orders for satisfactory rewards and to collect items they've crafted. Players experience new songs the more they play.
